San Diego, CA – October 3, 2019 – [Turtle Beach](https://www.turtlebeach.com) (Nasdaq: HEAR), a leading gaming audio and accessory brand, today announced the all-new [Atlas Edge PC Audio Enhancer](https://www.turtlebeach.com) is available globally at participating retailers and from www.turtlebeach.com. Offering premium PC gaming audio and all the deep sound customization savvy PC gaming enthusiasts could ask for, the *Atlas Edge* plugs into an available USB port and gives any wired headset an instant, customizable audio advantage through Turtle Beach's robust *Control Studio*™ software suite, which features Waves Nx® audio technology and Waves Maxx sound technology to transform sound from any PC game into a full panoramic 3D audio experience. Also included is an all-new PC-optimized version of Turtle Beach's exclusive *Superhuman Hearing*™ sound setting for a competitive advantage on PC through precision sound, plus and a 10-channel EQ for customizing game audio, chat audio, and microphone audio. The *Atlas Edge* is available at participating retailers worldwide and at www.turtlebeach.com for a MSRP of \$29.95.

"With this week's *Atlas Edge* and *Elite Atlas Aero* launches, we're continuing our leadership in gaming audio with two PC products that deliver a competitive advantage and a better gaming experience through high-quality audio," said Juergen Stark, CEO, Turtle Beach. "For example, in our PC-optimized version of *Superhuman Hearing*, we worked with the GRAMMY® award-winning team at Waves Audio to give our unique sound setting a few expanded options, so now PC gamers can select our default setting, or choose options that focus specifically on enemy footsteps or weapon reloads, both key indicators for when an enemy player could be close."

Turtle Beach's *Atlas Edge PC Audio Enhancer* gives your existing wired headset an instant audio advantage on PC. With the *Edge* connected to your system through an available USB port, you'll gain access Turtle Beach's *Control Studio* – an all-new desktop software suite with a multitude of features to customize your audio, including immersive
